   Discussion: Commissioner Martin Expressed to the board that there was a serious dog attack just rite across the street from here and they had to air lift the victim to St. Louis with serious dog bites. She expressed to the board that we need to make some changes in our Ordinances. There is people upset that we could not take the dog to animal control for the fear of attacking one of the workers at animal control so the owners was mandated to quarantine the Rot Waller. And to have a ordinance running at large so the courts can force penalties other wise there is nothing we can do.

   Public Comments: Bernard Martin was there to discuss to the board on what he would call, I just do not understand how we can let people live in a camper but yet I can not discharge my firearm in the county limits. Zoning Administrator Becky Tracy explained that you are living in a residential 2 area which prohibits discharging of a firearm., but if we told people they cannot have a camper in their yard then there be a lot of people upset, but I have spoken to the people that are living there but I am just not going to kick someone in the middle of winter. They are trying to get into housing but I am not sure where else they are trying, I did tell them they had till June to find them a place to live.
